press:

"The Mary Dream have combined all the best elements of pop with a sentiment that runs deeper. It would be a beautiful world indeed if more musicians followed suit."

—Performing Songwriter Magazine

"One of Nashville's most engaging and arresting alternative rock ensembles. Performing original material that deftly blends aspects of trance, rock and pop. *Beautiful World* showcases Bellew's flowing, striking delivery and equally distinctive lyrics, augmented by the chordal clusters and backdrops of Ryan's guitar work."

—Nashville City Paper

Since it's release, numerous songs from *Beautiful World* have been used in Film & Television, with prominent placements including "How You Love Me" on ABC's *All My Children*, "More" on MTV's *Real World Denver*, and "Stay" on MTV's *Real World Hollywood*. *Beautiful World* is also being played on an ever-growing number of independent radio stations throughout the U.S. and internationally. The Mary Dream are currently putting the finishing touches on their next record *This Kind of Life*, which includes 11 new songs that take The Mary Dream's sound to a deeper level.

More About The Mary Dream

Since their fated meeting through a classified ad in a San Francisco newspaper, Blake Ryan and Elise Bellew have been a prolific songwriting team, working meticulously to create their own unique sound and style of vibey alternative pop/rock. From a profound and moving dream Elise had comes the name The Mary Dream. Elise's distinctive voice and impactful lyrics join together with Blake's tasteful chords and unique guitar layerings to create some of the most moving, yet melodic alternative pop/rock emerging today.

Beautiful World is The Mary Dream's first, official, full-length release on their own label SuperUniverse Records and was recorded almost entirely at home by Blake and Elise, except for the drum tracks, which were recorded by top Nashville session drummer Steve Brewster (Jewel, Faith Hill, etc.). The CD was mixed and mastered by producer Richie Biggs (Switchfoot, Nichole Nordeman, etc.) at The Art House in Nashville.
