

# Prima Uña de Gato (TOA-FREE CAT'S CLAW)

Offering a significant advancement in our understanding of the best utilization of *Uncaria tomentosa*.

- Standardized from whole bark, using a proprietary process that does not involve the use of solvents.
- Standardized to 0.5% pentacyclic oxindole alkaloids (POAs), and is 100% free of tetracyclic oxindole alkaloids (TOAs). (TOAs are chemical antagonists that can greatly inhibit the positive effect of POAs.)
- Potentized with minerals & enzymes to support detoxification, and has been clinically tested.

**Now Available in Capsules & Liquid!**
