

RUSSIAN CHOICE IMMUNE

Unsurpassed Immune Support

A specially prepared strain of broken cell wall *Lactobacillus rhamnosus* originally developed by top Russian scientists. Extensive research has shown this "super probiotic" to have significant immune system supporting properties.*

"I've never seen a supplement support the immune system to this level. It is truly an amazing discovery. The Russians have developed an absolutely miraculous probiotic extract that needs to be in everyone's supplement regimen."

Robert J. Rowen, M.D., Editor-in-Chief, Second Opinion

"I have had good results with Russian Choice Immune for respiratory support. I think Russian Choice Immune is a real keeper."

Leo Galland, M.D.
